Why do you want to be the North Central representative for the AMA Alliance Nominating Committee?

It is good to represent one's own state in a regional capacity and have some say in selecting the future leaders who will be running our national organization. We want members who are willing to serve to build the Alliance and keep it strong and relevant - and not for personal achievement alone.

What strengths/qualities do you bring to the nominating process?

I have been a member for many years and know a lot of other members. I know what qualities are required to serve at a leadership level.
